

JOHN EDWARD D. COMPLIDO

09477362471 | johnedward1436@gmail.com | Bunlo, Bocaue, Bulacan

Software Engineer with hands-on professional experience, specializing in frontend and mobile application development. Proven ability to transform UI/UX designs into high-quality, production-ready applications and integrate APIs across web and mobile platforms. Experienced with modern JavaScript frameworks and cross-platform technologies, with supporting backend exposure. Strong collaborator in agile environments, with experience in code reviews, ticket management, and rapid delivery under tight deadlines.

SKILLS

Frontend & Mobile: Flutter, React, React Native, Vue.js, Next.js, HTML, CSS, JavaScript, TypeScript, Tailwind CSS, Bootstrap

Backend & Integration: Node.js, Django, REST APIs,

Database: MongoDB, MySQL, MS SQL, Firebase

Tools & Platforms: Git, GitHub, Oracle APEX, Visual Studio Code, Adobe XD, Figma

EDUCATION

BACHELOR OF SCIENCE IN COMPUTER SCIENCE

Technological University of the Philippines | 2023

EXPERIENCE

Software Engineer / Qymera

June 2024 – Present

- Developed web and mobile applications using Flutter, React, Vue.js, Next.js, and React Native, focusing on UI-to-code implementation and API integration.
- Built frontend solutions for event, insurance, weather, admin, chatbot, HRIS, blockchain, and queue management systems.
- Integrated REST and third-party APIs to support real-time data and user workflows.
- Contributed to backend development using Node.js, MongoDB, and Django when needed.
- Participated in code reviews, ticket management, and agile collaboration via GitHub.
- Delivered features under tight deadlines, including a 3-day hackathon chatbot project.

Frontend Developer intern / Expand Enterprises Inc.

March 2023 - July 2023

- Collaborated with cross-functional teams to strategize and plan project workflows, ensuring efficient execution.
 - Utilized Adobe XD to create visually appealing mockups and wireframes, providing a clear vision for project stakeholders.
 - Developed dynamic web applications using Angular Framework, resulting in enhanced user experiences and improved functionality.
 - Proficiently integrated RESTful APIs, connecting MS SQL databases and
 - Firebase, to ensure seamless data retrieval and management.
 - Contributed to mobile app development projects in Flutter, enhancing the company's mobile presence and user engagement.
-

TRAINING AND COURSES ATTENDED

Certifications: [RPA Fundamentals \(UIPath, IBM\)](#), [Oracle Partner Network Solution](#), [Informatica MDM SaaS](#), [Blockchain Foundation](#), and [Coursera Programming & Technology Fundamentals](#).
